

USA #1— At What?

- **Number one** at making wars on the people of the world and killing hundreds of thousands of people in these wars.
- **Number one** at using nuclear weapons.
- **Number one** at spying on and incarcerating their own people.
- **Number one** at torturing people.
- **Number one** at creating a planet of slums.
- **Number one** in destruction of the earth's environment.
- And the **number one** hated country by the masses of people in the world.
