

Bob Avakian (BA) on Israel's Genocide Against the Palestinian People, and the Only Just and Viable Solution

In his latest social media posts, Bob Avakian's speaks with evidence and heart to a unique range of audiences including people often excluded from learning about the nature of Israel and Palestine. He refutes lies and excuses for Israel's crimes against humanity with specificity and substance. He draws broad but firm moral dividing lines. And BA breaks down why Biden continues to enable Israel's genocide in Gaza. You can hear and share these messages at Bob Avakian's YouTube channel, or any social media (@BobAvakianOfficial).

NUMBER FOUR: Why should I care about Palestine, we've got enough problems right here. The answer to people who say: "Why should I care about things like Palestine, we've got enough problems right here that need to be dealt with."

NUMBER FIVE: After the Holocaust, the worst thing that has happened to Jewish people is the State of Israel. What is happening with Palestine shines a powerful light on what this murderous system of capitalism-imperialism, and those who rule it, are all about, and why their whole system has to go.

NUMBER SIX: What about Israel's right to defend itself? Bringing out the truth about what is happening in Palestine now, and answering the arguments— the lies and distortions— that try to "justify" the genocidal slaughter of Palestinians being perpetrated by Israel, fully backed by the U.S.

NUMBER SEVEN: Why is Biden, and basically the entire government and ruling class of the U.S., supporting Israel in carrying out genocide against the Palestinian people, before the whole world?
