

Revolutionary Internationalist May Day 2024

FUNDRAISING LIVESTREAM—

**SUNDAY, APRIL 28,
2 PM PT • 4 PM CT • 5 PM ET
youtube.com/TheRevcoms
TUNE IN AND DONATE!**

This year revcoms (revolutionary communists) have called for gatherings and manifestations during the time of May 1 to May 5 to declare that:

**We need and we demand revolution for a whole new way to live,
a fundamentally different system!**

Stop the U.S./Israeli Genocide of Palestinians NOW!

Stop Capitalism-Imperialism from Stealing Our Future!

The madness of this system of capitalism-imperialism cannot be fixed or reformed. We will dare to fight and win a future worthy of our children and all of humanity.

Tune in on Sunday, April 28 and donate! You will hear straight from the revcoms how we are taking the call for revolution right into the midst of the sharpest contradictions and clashes going on in society: from righteous campus protests demanding an end to the genocide in Gaza... to the brutal attacks on and deportations of migrants at the border who are desperately seeking a way to survive... to the ghettos and barrios where the people are catching the hardest hell. Learn how in the midst of all this we are building the Revcom Corps for the Emancipation of Humanity.

Time is short and this message must get out everywhere. We are calling on you to participate—to donate, to raise money, to issue and gather video and written statements on why people should donate and be part of the revolution and come to May Day 2024.

We are serious about bringing forward thousands NOW into the ranks of the revolution.

Revolutionary leader Bob Avakian says:

I'm talking about a *real* revolution—a revolution to actually *overthrow* this system we are now forced to live under, and bring something much better into being—a whole different way to live and to relate to each other, a completely *different* system, working to meet the fundamental needs of the *masses* of people, and to serve their highest interests in putting an end to all oppression and exploitation, everywhere in the world. A revolution, and a radically new society, that really is liberating and uplifting.

And I'm talking about a real revolution *in this time*, not in some far off distant time.
