Unbelievable as it may seem, in the 21st century there are still people—including people in positions of power and authority—who are determined to force women to bear children, regardless of the situation, the feelings, and the better judgment of those women themselves. That is a way of enslaving women to the dictates of an oppressive male supremacist, patriarchal system; and that is what the cruel fanatics who are determined to deny women the right to abortion are really all about.
